

**Parametric Logic:
A flexible, scalable inter-
pretation of the design**

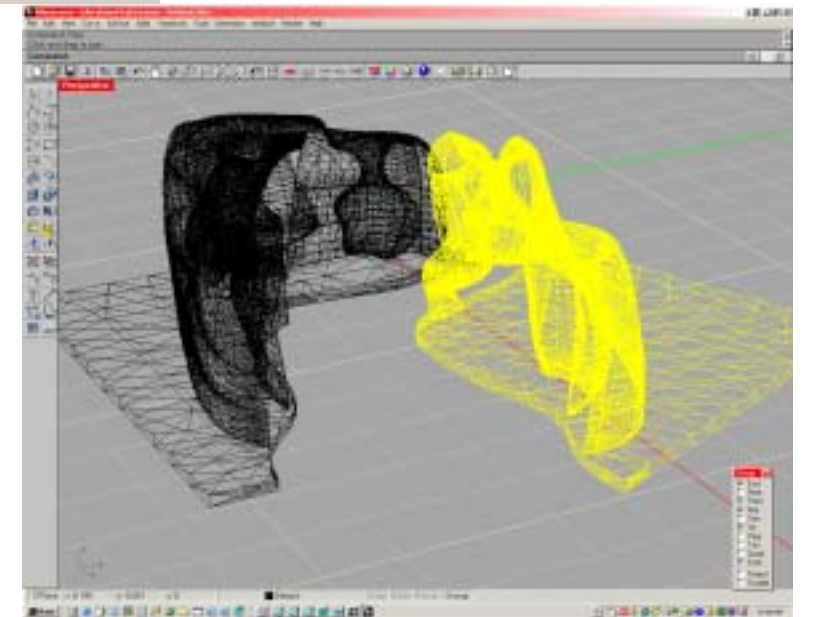

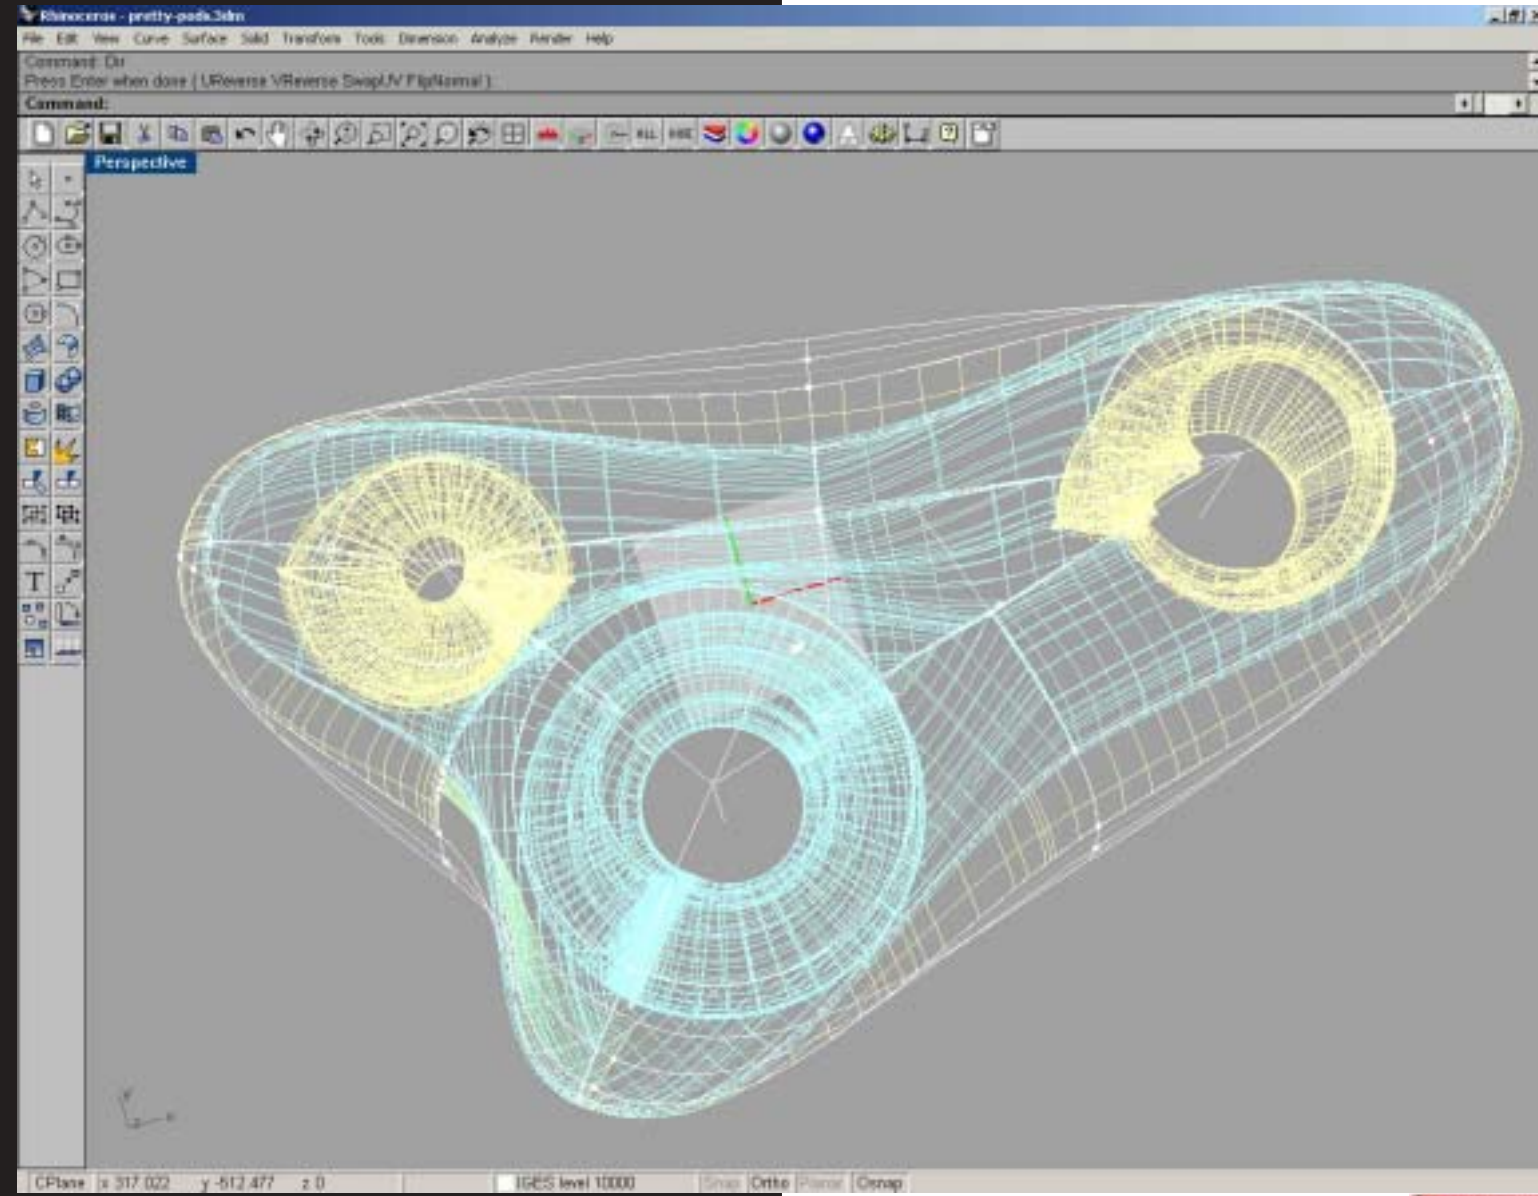

The shape of the reading room is defined parametrically from the initial elements that control the geometry

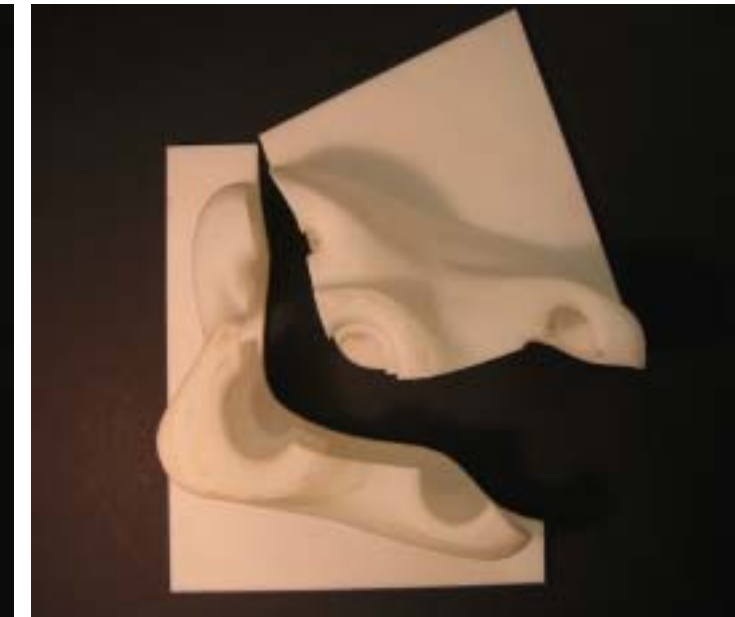

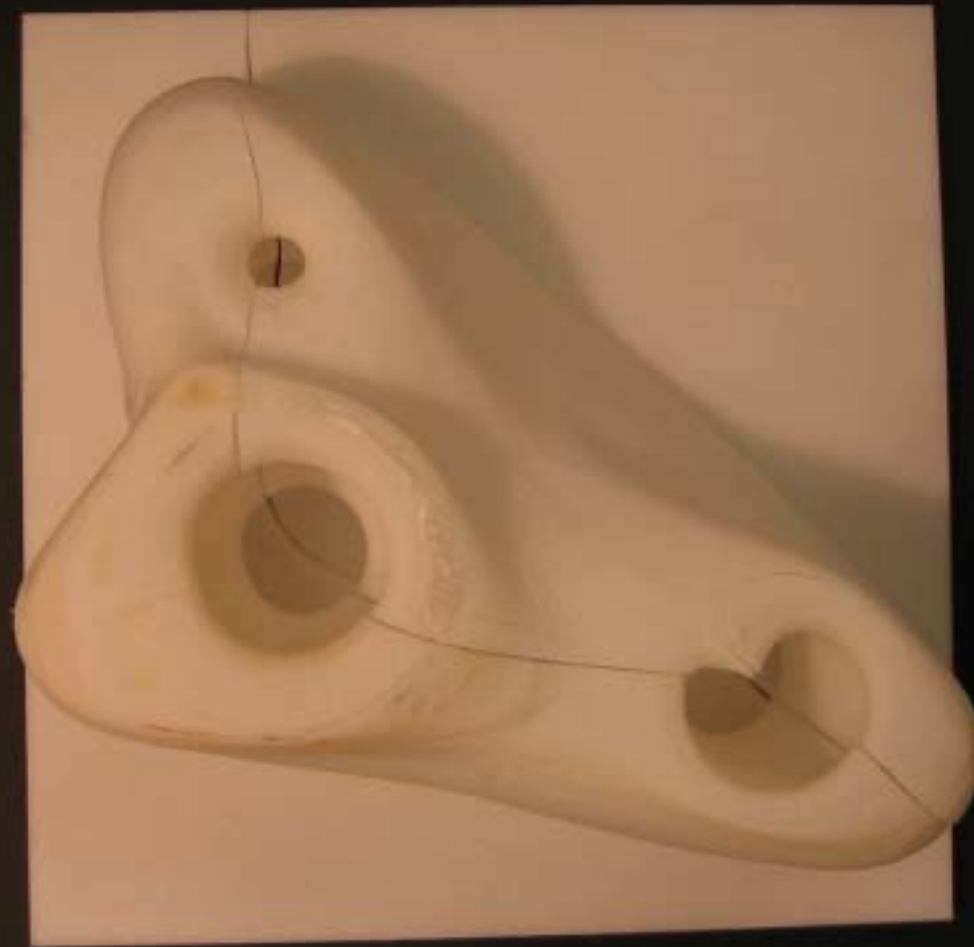

**Stereo Lithography
model of the shape**

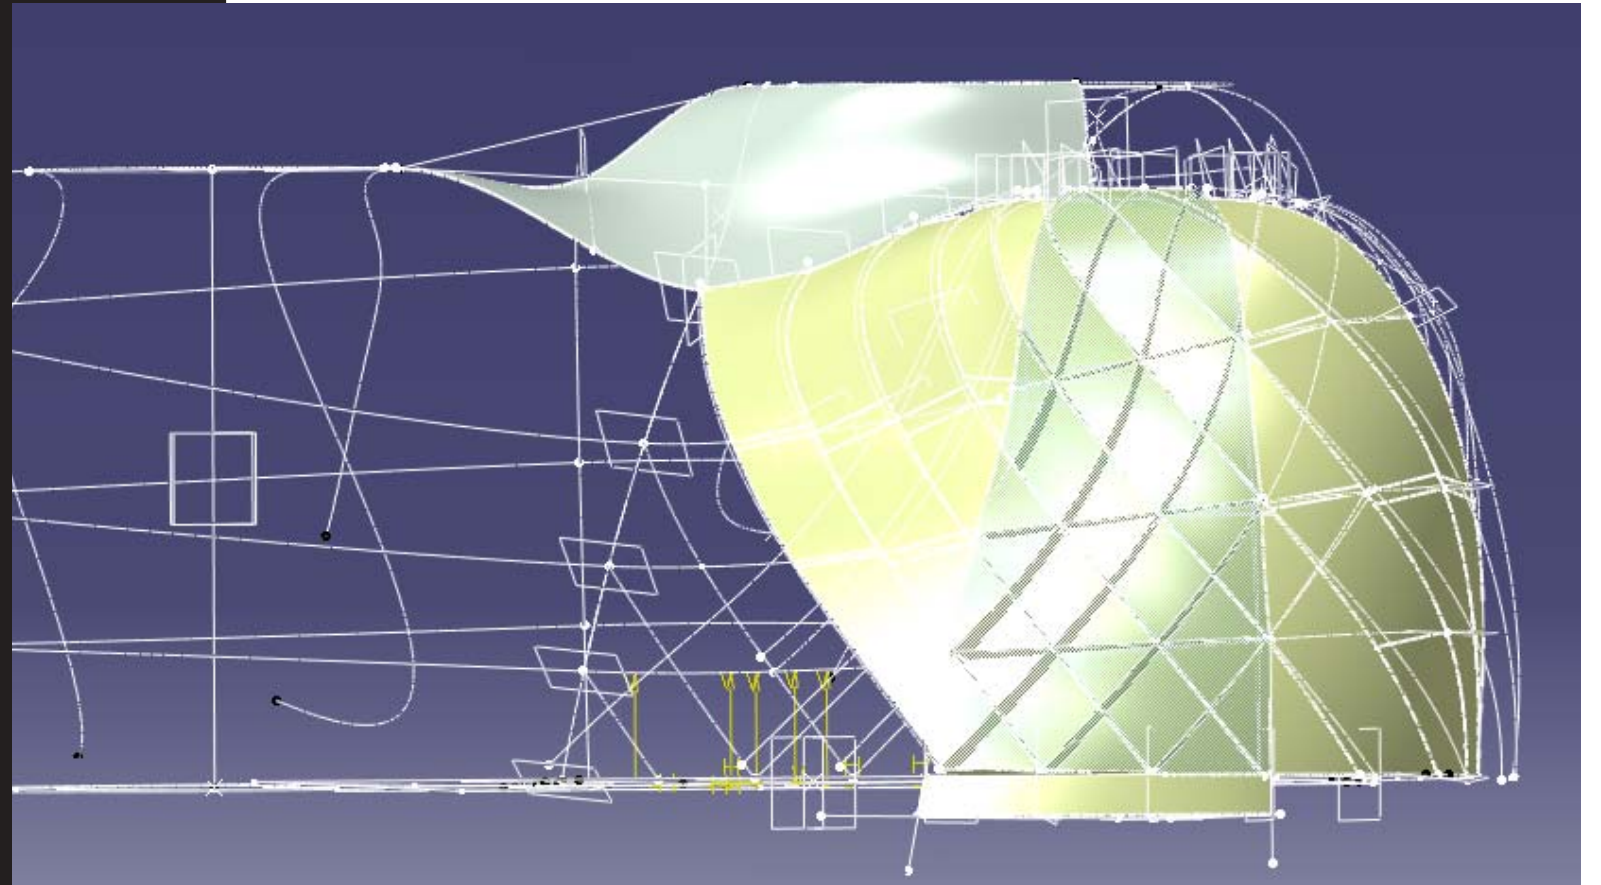

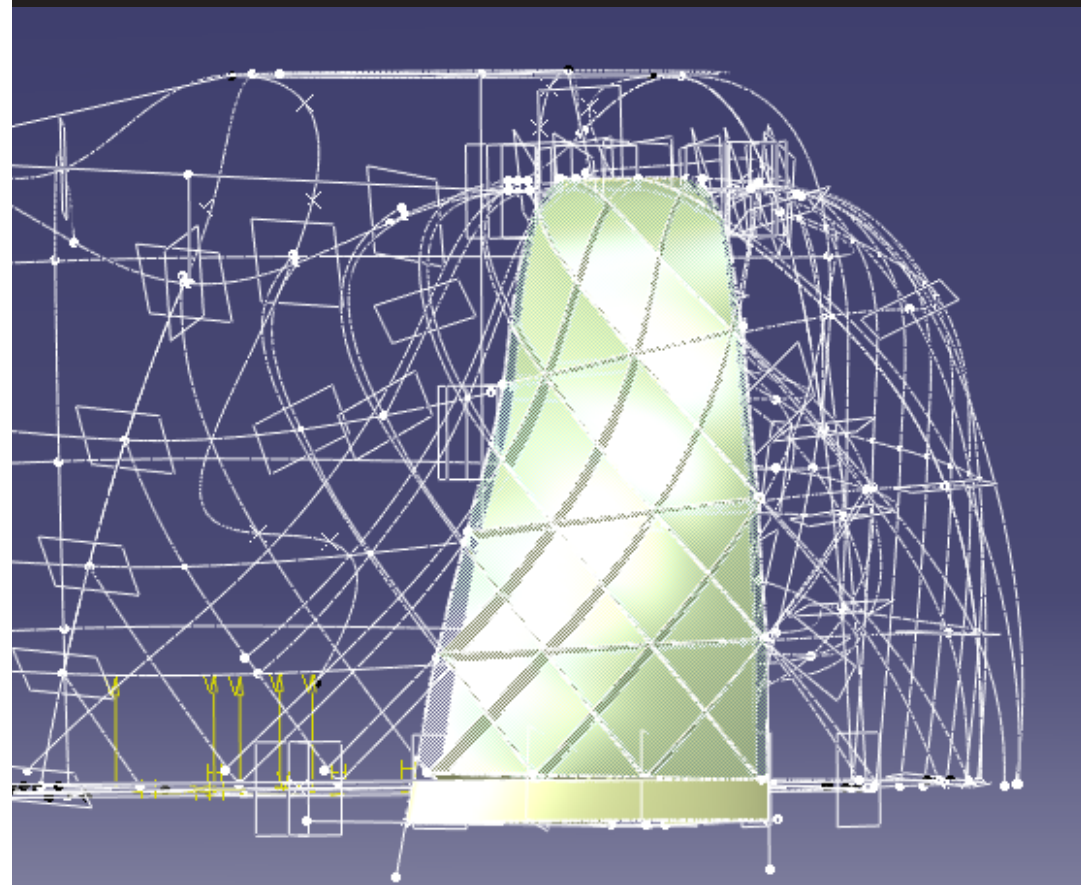

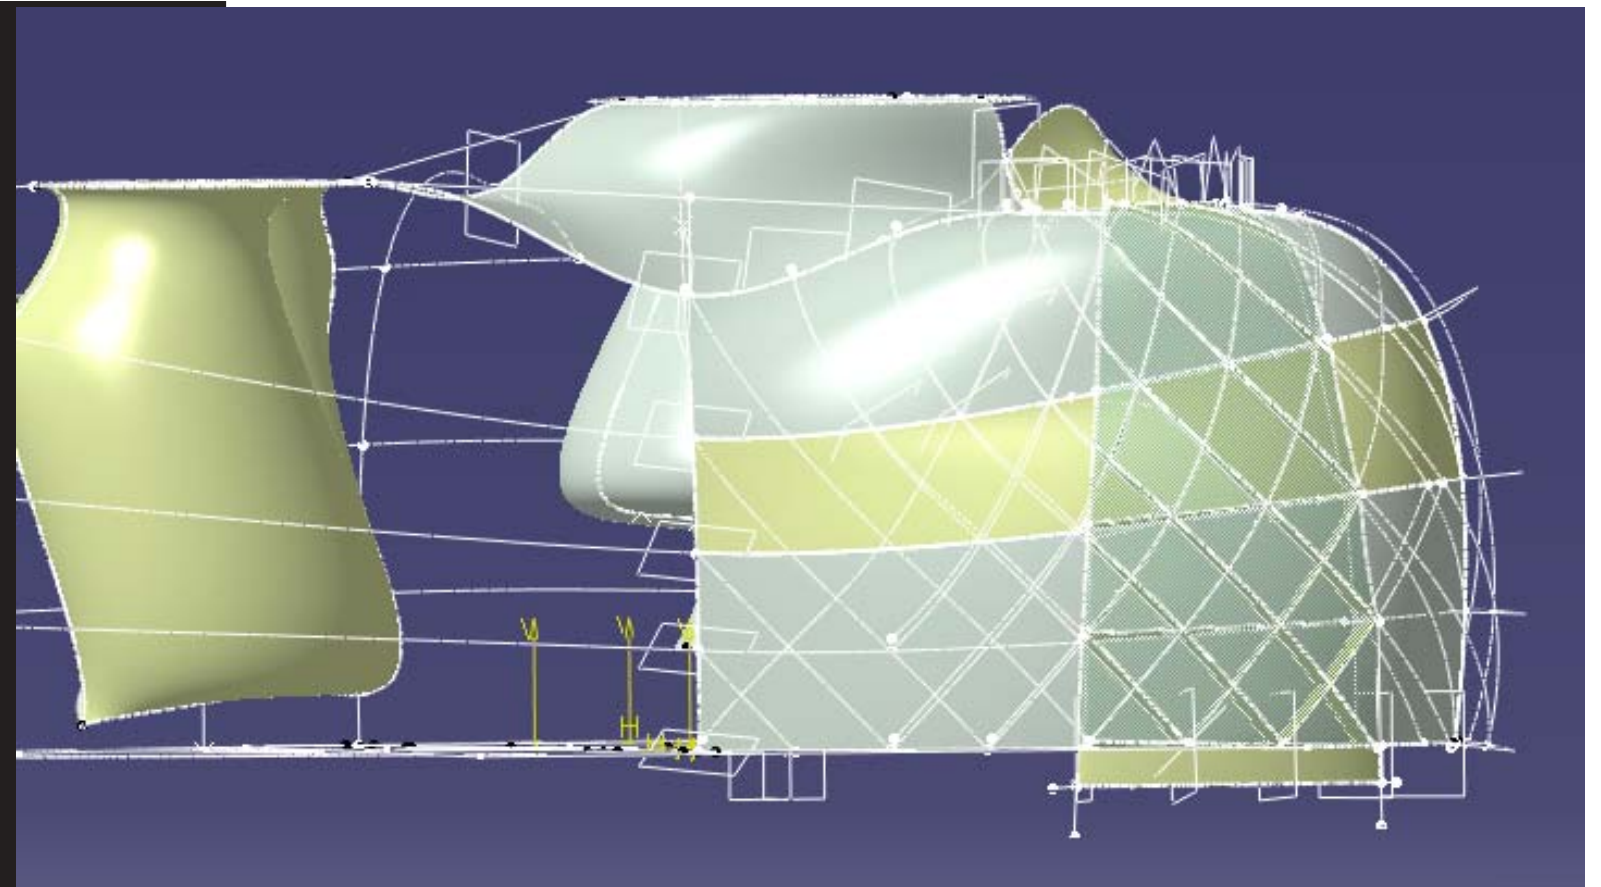

**3D Print of the model.
Closed version**

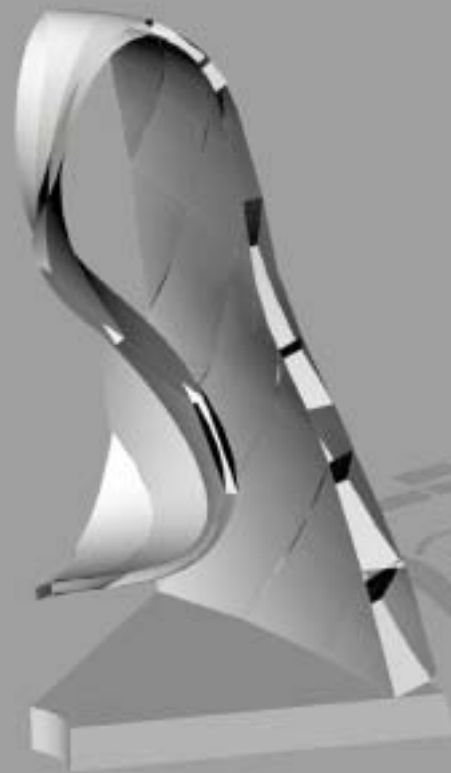

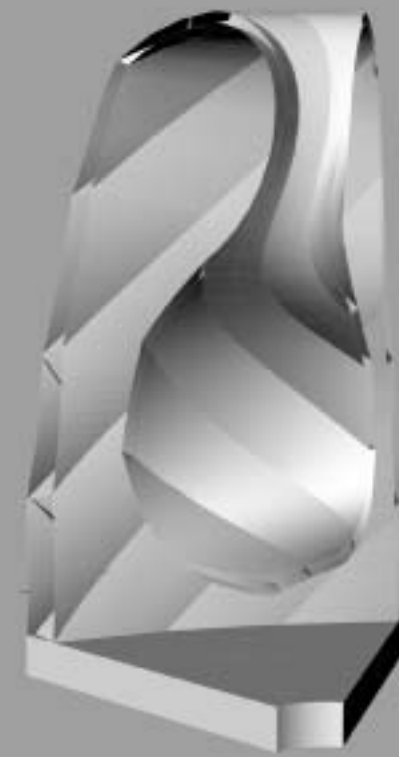

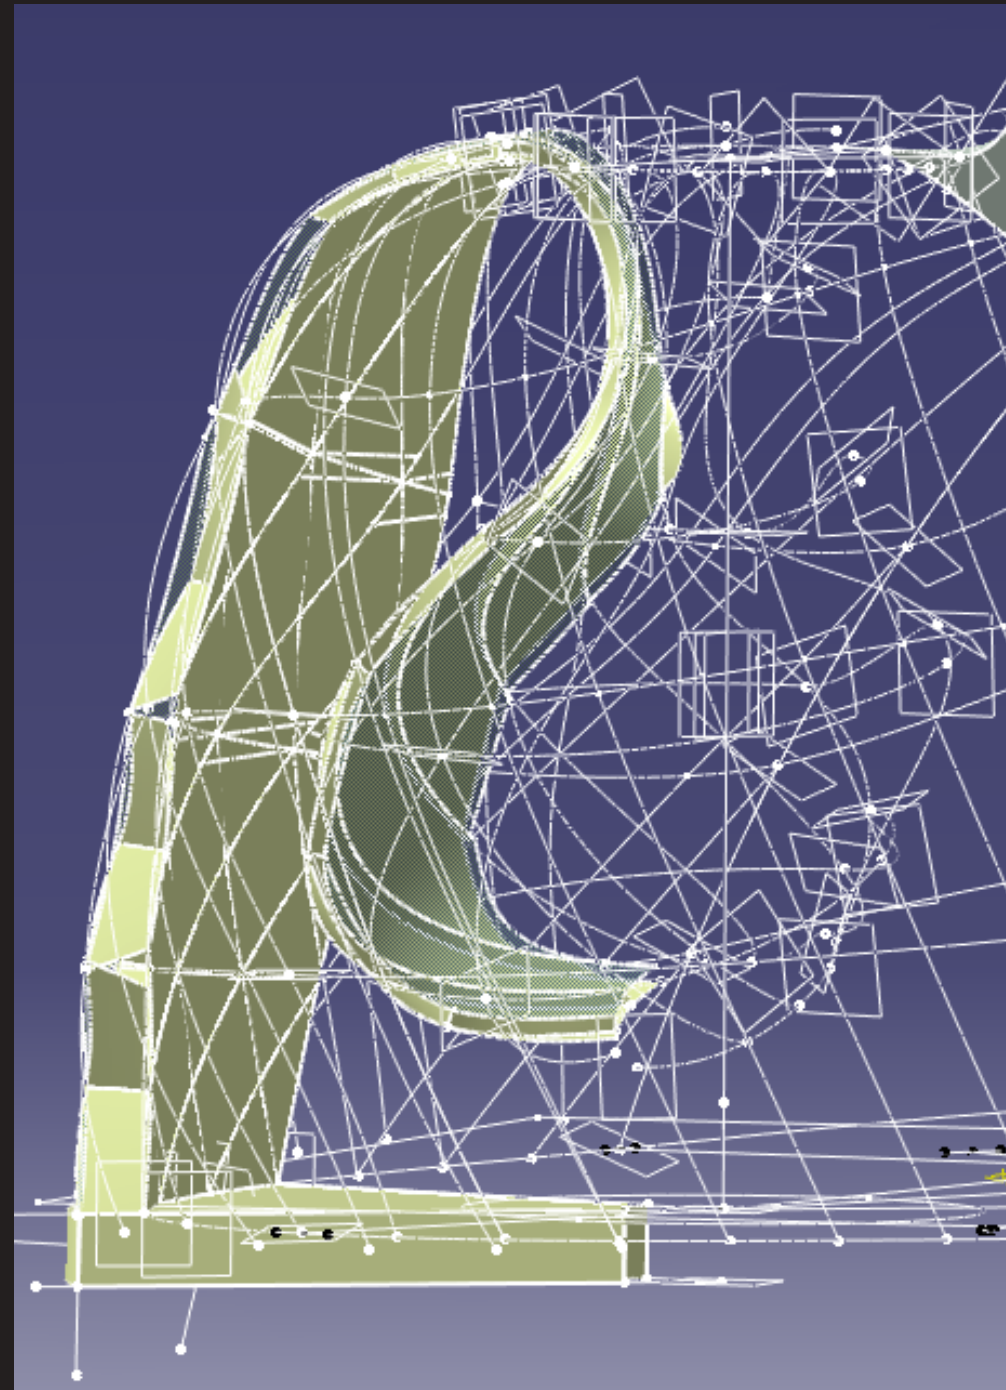

3D Print of the model in section showing the interior of the pods

The shape of the reading room is defined parametrically from the initial elements that control the geometry

Development of the basic geometry of the reading room and pod. Paper model of the section mockup

Mockup of the model in
scale 1:4
